LA SOCIÉTÉ

À propos de nous

Le projet Sun Extension est né d'un constat : l'énergie produite grâce au soleil est une évidence écologique, économique et technique.

Notre démarche commerciale est informative et bienveillante afin de vous apporter des solutions pérennes et durables.

L'équipe de Sun Extension est disponible pour vous servir.

CARPORT 3 EN 1

BY SUN EXTENSION

LE CARPORT 3 EN 1 DE SUN EXTENSION

À propos du produit

Le carport sur-mesure 3 en 1 de Sun Extension combine trois fonctionnalités essentielles : abri pour véhicules, panneaux solaires photovoltaïques et borne de recharge.

Les utilisateurs bénéficient d'un moyen efficace de protéger leurs véhicules tout en contribuant à la réduction de leur empreinte carbone. Ils peuvent économiser sur leurs factures d'énergie en utilisant l'électricité produite par les panneaux solaires pour alimenter leur maison et/ou charger leur véhicule.

Composition :

- aluminium renforcé (8mm d'épaisseur)

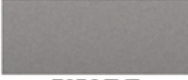

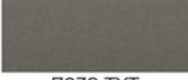

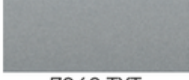

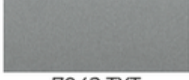

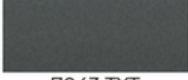

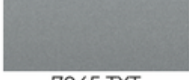

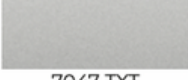

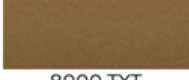

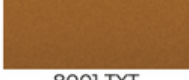

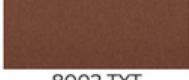

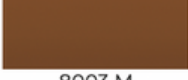

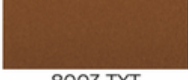

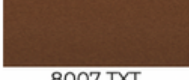

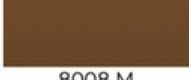

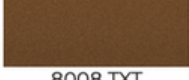

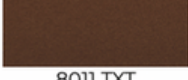

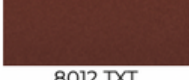

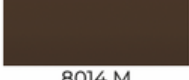

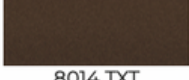

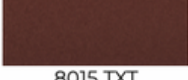

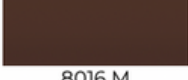

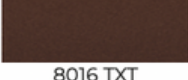

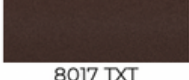

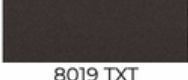

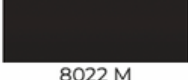

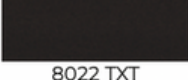

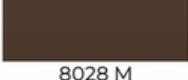

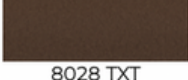

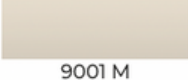

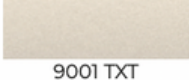

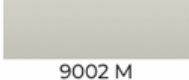

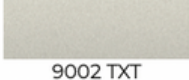

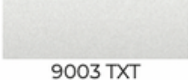

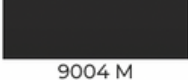

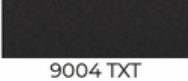

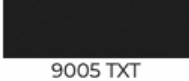

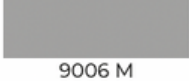

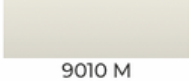

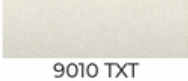

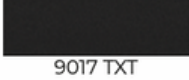

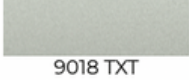

Dimensions :

- sur-mesure
- hauteur sous carport : jusqu'à 3m
- poteaux de 160mm x 160mm
- bandeau filant périphérique de 200mm (H) x 100mm (L)

Options :

- LED
- Pose adossée possible avec fixation contre le mur
- Poteaux déportés
- Couleurs (177 disponibles)
